ASSIGNMENT

WHEREAS, Boston Scientific Corporation, Inc., ASSIGNOR, a Delaware corporation having its principal place of business at One Boston Scientific Place, Natick, MA 01760-1537, is the owner of entire right, title and interest in and to the invention, which is established by an assignment, for which a copy thereof is attached hereto, as to an application for a Patent of the United States

☐ which is executed on ☐ even date herewith or ☐ _____

☒ which is identified by Jones Day docket no. 10177-176-999

☒ which was filed on February 5, 2004 Application No.

and WHEREAS, Scimed Life Systems, Inc., ASSIGNEE, a Minnesota corporation having an address at One Scimed Place, Maple Grove, MN 55311-1566, is desirous of obtaining the entire right, title and interest in, to and under the said invention and the said application:

NOW, THEREFORE, in consideration of the sum of One Dollar (\$1.00) to Boston Scientific Corporation in hand paid, and other good and valuable consideration, the receipt of which is hereby acknowledged, the said ASSIGNOR, has sold, assigned, transferred and set over, and by these presents do hereby sell, assign, transfer and set over, unto the said ASSIGNEE, its successors, legal representatives and assigns, my entire right, title and interest in, to and under the said invention, and the said United States application and all divisions, renewals and continuations thereof, and all Patents of the United States which may be granted thereon and all reissues and extensions thereof; and all applications for industrial property protection, including, without limitation, all applications for patents, utility models, and designs which may hereafter be filed for said invention in any country or countries foreign to the United States, together with the right to file such applications and the right to claim for the same the priority rights derived from said United States application under the Patent Laws of the United States, the International Convention for the Protection of Industrial Property, or any other international agreement or the domestic laws of the country in which any such application is filed, as may be applicable; and all forms of industrial property protection, including, without limitation, patents, utility models, inventors' certificates and designs which may be granted for said invention in any country or countries foreign to the United States and all extensions, renewals and reissues thereof;

AND Boston Scientific Corporation HEREBY authorizes and request the Commissioner of Patents and Trademarks of the United States, and any Official of any country or countries foreign to the United States, whose duty it is to issue patents or other evidence or forms of industrial property protection on applications as aforesaid, to issue the same to the said ASSIGNEE, its successors, legal representatives and assigns, in accordance with the terms of this instrument.

AND Boston Scientific Corporation HEREBY covenants and agrees that Boston Scientific Corporation has full right to convey the entire interest herein assigned, and that Boston Scientific Corporation has not executed, and will not execute, any agreement in conflict herewith.

AND Boston Scientific Corporation HEREBY further covenants and agrees that Boston Scientific Corporation will communicate to the said ASSIGNEE, its successors, legal representatives and assigns, any facts known to Boston Scientific Corporation respecting said invention, and testify in any legal proceeding, sign all lawful papers, execute all divisional, continuing, reissue and foreign applications, make all rightful oaths, and generally do everything possible to aid the said ASSIGNEE, its successors, legal representatives and assigns, to obtain and enforce proper protection for said invention in all countries.

IN TESTIMONY WHEREOF, I hereunto set my hand and seal this 12th day of February 2004.
